

CREMATION DEFINITIONS

Section 7010 California Health & Safety Code:

"Cremation" means the combination of the following:

- (a) The reduction of the body of a deceased human to its essential elements by incineration.
- (b) The repositioning or movement of the body or remains during incineration to facilitate the process,
- (c) The processing of the remains after removal from the cremation chamber.

Section 7010.3 California Health & Safety Code:

"Processing" means the removal of foreign objects pursuant to Section 705 1, and the reduction of the particular size of cremated remains by mechanical means including, but not limited to, grinding, crushing, and pulverizing to a consistency appropriate for disposition,

Section 7010.5 California Health & Safety Code:

"Residue" means human ashes, bone fragments, prostheses, and disintegrated material from the chamber itself, embedded in cracks and uneven spaces of a cremation chamber, that cannot be removed through reasonable manual contact with sweeping or scraping equipment. Material left in the cremation chamber, after the completing of a cremation, that can be reasonably removed shall be considered to be in excess of-residue"

Section 7002 California Health & Safety Code:

"Cremated remains" means human remains after cremation in a crematory,

Section 7006.3 California Health & Safety Code;

"Cremation chamber" means the enclosed space within which the cremation of human remains is performed.

Section 7006.5 California Health & Safety Code:

"Cremation container" means a combustible, closed container resistant to leakage of bodily fluids into which the body of a deceased person is placed prior to insertion in a cremation chamber for cremation,

Section 7006.7 California Health & Safety Code:

"Cremated remains container" means a receptacle in which cremated remains are placed after cremation.

Section 7009 California Health & Safety Code:

"Interment" means the disposition of human remains by entombment or burial in a cemetery or, in the case of cremated remains, by inurement, placement or burial in a cemetery, or burial at sea as provided in SECTION 71 1 7,

Section 7010.78 California Health & Safety Code:

"Scattering" means the authorized dispersal of cremated remains at sea, commingling in a defined area within a dedicated cemetery, in accordance with this chapter.

Section 7011 California Health & Safety Code:

"Inurement" means placing cremated remains in a cremated remains container suitable for placement, burial, or shipment.

Section 7011, 2 California Health & Safety Code:

"Placement" means the placing of a container holding cremated remains in a crypt, vault, or niche,

Section 7025 California Health & Safety Code:

"Disposition" means the interment of human remains within California, or the shipment outside of California, for lawful interment or scattering elsewhere, including release of remains pursuant to Section 10376.5.
